Financial Review :

For the nine-month period ended 31 March 2025, NOVUS Properties Ltd reported a 6% decline in revenue and a 2% reduction in operating profit, primarily linked to the strategic sale of its Pailles asset in October 2024. While this impacted top-line performance, the disposal was in line with the company's portfolio realignment strategy. Administrative expenses rose by 36%, mainly due to a one-off commission on the Pailles transaction and a prudent provision made on one debtor. These non-recurring items temporarily inflated overheads for the period.

On the positive side, finance cost reduced significantly as proceeds from the sale were used to reduce borrowings, improving the company's debt profile. As a result, net profit showed a marginal increase of 4%, broadly aligned with inflation, underscoring stable operational performance. The Net Asset Value (NAV) per share is Rs 12.14, with the shares currently trading at a 34% discount to NAV, presenting potential value for long-term investors.

Operational Review :

Occupancy levels across NOVUS's property portfolio remain healthy. The GRNW asset continues to operate at full occupancy(100%), while the Grand Bay assets report an 85% occupancy rate. The management team is actively focused on further improving both occupancy levels and rental rates at Grand Bay through targeted leasing strategies.

By order of the Board; NWT Secretarial Services Ltd, Corporate Secretary; This 15th May 2025

Financial Review

For the year ended 30 June 2025, the Group delivered resilient underlying profitability despite the absence of revaluation gains recorded in the prior year. Revenues remained stable at Rs 17.1 million compared to Rs 17.6 million in 2024, while cost efficiency measures helped contain administrative expenses. Lower finance costs further supported performance, reflecting effective management of debt and financial resources.

The Group's balance sheet position improved significantly, with the Debt-to-Equity ratio strengthening from **40% in 2024** to **16% in 2025**, underscoring a sharp reduction in borrowings. This healthier capital structure provides greater financial flexibility and positions the Group to sustain growth and navigate future challenges with improved stability.

Operational Update

Occupancy across the portfolio remains solid, with GRNW continuing to operate at full capacity (100%) and the business park reporting 87% occupancy supported by steady leasing demand. Management remains focused on sustaining high occupancy and rental stability through targeted leasing and strong tenant retention.

By order of the Board; NWT Corporate Services Ltd, Corporate Secretary; This 30th September 2025

Financial Review

For the quarter ended 30 September 2025, the Group reported revenue of **Rs 3.9M** and profit after tax of **Rs 1.9M**. The lower revenue and profit compared to the prior year primarily reflect the disposal of an income-generating asset in October 2024, which reduced rental income for the quarter. Finance costs also decreased, as part of the disposal proceeds were used to repay debt. The Group maintained a strong financial position, with NAV per share increasing to Rs 12.09.

At Company level (Novus Properties Ltd – NOP), profit for the quarter amounted to Rs 16.6M. This increase is mainly due to the recognition of a Rs 15M dividend from Novus Industrial Properties Ltd (NIP) following the approval of NIP's capital reduction after 30 June 2025. This dividend income is eliminated upon consolidation and therefore does not impact the Group's profit.

Operational Update

During the quarter, the Group remained focused on operational efficiency and balance sheet optimisation following the disposal of one of its key assets in October 2024. With rental income from this asset no longer contributing, priority was placed on managing costs, supporting tenants, and maintaining stable occupancy across the portfolio.

The Group continued to adopt a prudent approach to capital allocation, with no major investments undertaken during the period as management evaluates reinvestment opportunities post-disposal. The repayment of debt using the disposal proceeds has contributed to lower finance costs and improved financial resilience.

The Group remains vigilant to prevailing economic conditions and continues to prioritise disciplined financial management, liquidity preservation and long-term value creation for shareholders.
